**IMBA**<sup>Plus</sup> (£4,400) ☐ / Upgrade* from IMBA<sup>Lite</sup> (£2,600) ☐

or upgrade from previous versions of IPP (£ …… ) ☐ (see Note 3)

Which includes the following Add-Ons:

- Multiple Intake Regimes
- Multiple Bioassay Types
- Associated Radionuclides
- Uranium Mixtures
- Uptake from Wounds

**IMBA**<sup>Pro</sup> (£6,600) ☐ / Upgrade* from IMBA<sup>Lite</sup> (£4,800) ☐ or IMBA<sup>Plus</sup> (£2,600) ☐

or upgrade from previous versions of IPP (£ …… ) ☐ (see Note 3)

Which includes all the Add-Ons in IMBA<sup>Plus</sup> and also:

- Errors on Intake
- Bayes Implementation
- Tritium Tool
- Compensation Type Calculations
- Ingrowth of Americium

The IMBA Software package ordered is owned by Public Health England. End Users will be bound by the terms and conditions set out in the End User License Agreement in the Software (a copy can be supplied in advance) and any person/organization ordering on behalf of an End User will be bound by PHE Terms and Conditions, a copy of which will be supplied with the Contract Specification form if the order is accepted.

Ordering procedure

1. Send this completed form to the "IMBA - Team", either by email imba@phe.gov.uk or by post (Internal Dosimetry Group, Public Health England - CRCE, Chilton, Didcot, Oxon. OX11 0RQ UK).
2. On receipt of a completed order form and once the license fee has been paid in full, an installation package for the IMBA Software will be made available for digital download. (N.B. For speed, cost and environmental reasons, direct digital download is now the only method of delivery).
3. * The cost of upgrades from previous versions of IMBA can be calculated using the formula (cost of new licence – cost of previous licence) + £500, where the cost of the previous licence exceeds that of the new licence the only charge will be a flat £500 administration fee. For all upgrade orders from another version of IMBA, please include the previous IMBA licence number:
